- **Please send your child to school with appropriate shoes for the kids to be running around during recess outside.**
- In reading we are focusing on letter T. We are also working on the word: like. Please practice these sight words as well as the color words that I already sent home. We are working on sounding out words that have the letters in them that we have worked on such as: sap, Pam, map, tap, etc. **The students will be tested on their letter recognition and letter sounds as well as reading the sight words and color words so please work on these at home!**
- In math we are working on numbers 0-10. We are working on identifying those numbers as well as count that many objects and write those numbers in the line correctly. We are also working on knowing what number comes before and after a said number.
- Please continue to have your child practice writing their names in the lines with only the first letter beginning with a capital. If you need more-copied off please let me know and I would be happy to send more home for your child to practice writing their names.
